The last Mahukaa site case probably will be taken up about the middle of next month. The site remaining to be condemned for purchase by the Federal government is the corner tract occupied by the Office Supply Company. It is thought the hearing will not occupy as much time as either of the former cases involving the same tract, sought by the government for a federal postoffice and court building.

The Waialuku Sugar Company yesterday filed in the Supreme Court its appeal from the decision of the tax appeal court, which accepted the total figure of the assessor in the company's property, \$4,500,000. The company made a return of \$3,250,000, and after the assessor had made his return, the company offered to raise its own figures \$250,000 as a compromise. The assessor declined to compromise on that basis, so the case was threshed out before the tax appeal court, Assistant Attorney General A. G. Smith winning for the Territory.

## CHAFFIN TO TRY TO BREAK HIS SPEED RECORD

CHICAGO, Ill., Aug. 3.—Eugene W. Chaffin, Prohibition candidate for President, according to a story given out at the national headquarters here, intends to surpass his speech-making record of 1908 during the present campaign. Four years ago Mr. Chaffin made 500 speeches in 100 days. Although he will not be officially notified of his nomination until August 10, Mr. Chaffin has already made several speeches in northwestern Indiana, in churches, public halls, and from his automobile. He has now left for a speech-making tour in Boston and vicinity, and from there will go to Waukesha, Wis., where he will receive the notification of his candidacy.

## HAWAII DROUGHT PLAYING HAVOC

[Special Star-Bulletin Correspondent.]  
HILO, August 19.—According to the general opinion, many of the plantations of this island will not finish grinding this season owing to the scarcity of water. Most of the plantations are even now a month behind with their work and in some cases even further than that.

Fluming on many is done whenever there is any water available, and it is upsetting much of the regular routine of the grinding season.  
Good rain fell during the week but from the information at hand it has not been general, being confined mostly to Hilo and the immediate surroundings.

Otherwise matters are running smoothly; the work is going along all right.

### BORN.

BOYD—In Honolulu, August 18, 1912, to Mr. and Mrs. R. K. Boyd, a son.

DON'T KILL ROBINS.  
"Dumb Animals," of Boston, prints the following: "The Massachusetts State ornithologist said in our presence recently that each young fledgling in a robin's nest consumed every day in bugs, worms and other food the equivalent of fourteen feet of caterpillars. This means for a man about the same thing as eating sixty-seven feet of bologna sausage every twenty-four hours. One sees by this something of what it means to kill a robin."
